Mortgage Payment Chart

Use this chart to estimate your monthly mortgage payment. Keep in mind that taxes and insurance may be additional to your monthly payment. Ask your real estate agent for more details about mortgage costs and options in your area. To determine your monthly mortgage payment (principle and interest) simply locate the current interest rate in the first column, and move across to the loan duration you will be using, then multiply that number by the amount of thousands of dollars you will be borrowing.

Preparing For Moving Day

(2 Weeks in Advance)

- Open checking and savings accounts in your new community.
- Call phone company for assistance in arranging telephone service in your new home.

- Begin packing of unneeded items.
- Send change of address cards and leave a forwarding address with your post office.
- Arrange for pet travel.
- Return or retrieve borrowed items.
- Service your car, especially if traveling a distance.
