Bayview Construction Company is one of the Roanoke Valley's largest homebuilders for a reason. Bayview doesn't focus on hammer and nails; we focus on the client. We can build anything, but what we want to build is the home of your dreams. We're not building for us, we're building for you.

From designing a home, locating it on a lot, and in the construction work itself, the quality of the product depends on the care taken in each step. That's why Bayview builds "from dirt to doorknob". Although primarily known as a custom builder, we have the capacity to develop raw land; design it, shape it, build the underground infrastructure and roadways, design and build your home, and finish the landscaping.

Call Bayview Construction Company now to build your dream home.
