"The Clayton Homes Difference"

At Clayton Homes of Ashland, we believe that the most important element of your home is you. And that's why we've spent the past 30 years building exceptional, award-winning homes - one at a time.

What began in 1978 as a small "family-operated" establishment has evolved into the nation's #1 homebuilder. Today, Clayton Homes of Ashland builds in over 50 counties in 3 states. We've been a proud member of Warren Buffer's Berkshire Hathaway family since 2004.

What is the secret to Clayton Homes of Ashland success? Unparalleled customer service, innovative award-winning designs, quality construction, affordable prices, and the determination to get the job done. It's no coincidence that nearly 30% of the Clayton Homes sold are a direct result of customer referrals and word of mouth. From first-time buyers, to buyers of all ages and stages in life, we are committed to finding exactly what they are looking for.

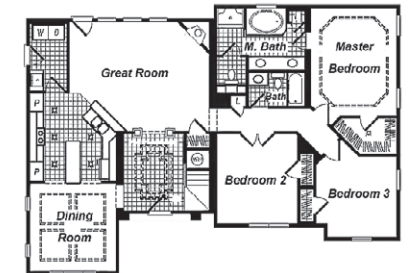

Commitment

Part of what makes us different is our unwavering commitment to building. Not just building homes, but building trust, Peace of mind, and Relationships. Our people have a passion for what they do and the homebuyers that they work with, and it shows. We communicate with, encourage, and guide our customers throughout the entire homebuilding process. Your home is very important to you, so it's very important to us.

Streamlined Financing

Another unique aspect to our approach is our in-house mortgage company, VMF Mortgage and Finance. Having an in-house mortgage company enables us to offer comprehensive financing programs and provide customers with more personalized approach to home financing. Customers who choose VMF Mortgage enjoy competitive rates and a financing process that's simplified, streamlined, and customized to suit their specific needs.

Impeccable Quality

Perhaps the most important difference of all is our homes. With the first step inside a Clayton Home, the extraordinary quality becomes evident. Look a little further and you'll notice the rich character, the meticulous attention to detail, the exceptional craftsmanship. Chances are, before that first visit is over, you'll finally understand what people mean when saying, "When you find the right home, you just know."

Your home is a reflection of you, shouldn't your homebuilder be too?
